

2027 National Radio Science Meeting Patron Packages

U.S. National Committee for the
International Union of Radio Science

The National Radio Science Meeting attracts approximately 400 attendees from academia, industry, and the government, including over 100 graduate and undergraduate students. Take advantage of this opportunity to meet the next generation of engineers and researchers in the area of applied electromagnetics. Your patronage helps make this conference possible and strengthens our shared technical community.

Benefits of Sponsorship:

The attendees of the NRSM are a highly diverse group that is growing in attendance with participants from across industry, academia, government, as well as enthusiasts motivated by personal interest. Sponsoring NRSM is a valuable way to:

- **Enhance Visibility:** Position your organization at the forefront of innovation.
- **Connect with Experts:** Network with distinguished researchers, industry leaders and early career scientists and engineers.
- **Support Excellence:** Enable student participation, plenary talks, and technical sessions.
- **Shape the Future:** Contribute to advancing knowledge and fostering collaboration across all areas of applied electromagnetics.
- **Recruit new Talent:** The NRSM attracts a large number of MS and PhD students and offers a unique opportunity to recruit new employees.
